## Platform

Continued From Page One

and devoted his time to plugging  
"minimum wage."  
"One that is running rather fast  
back but is bound to get in  
the platform is "just and enduring

ing peace." "Communist conspiracy" can't miss and "forward-looking program" has taken strength. The years have taken their toll of the old timer "brotherhood of man," and it no longer is in contention, although grandson, "family of nations" has a fighting chance.

So far as people are concerned, Abraham Lincoln is a winner although he is likely to be included in the platform "the Grand Old Party of Abraham Lincoln."

Dwight D. Eisenhower can't miss, but two other Republican presidents definitely are out. Ulysses S. Grant and Warren

Harding. Theodore Roosevelt mentioned twice in speeches yesterday, but William Howard Taft, William McKinley and Calvin Coolidge as of now are out with the wind.

Almost everybody except a few feckless politicians are cynical about platforms, but there is a mild shock yesterday when George Romney opened a statement by saying "In recent years, many platforms have fallen to the wayside."

Better watch your words, George. Candor will get you nowhere.

### Africans Move to Cut White Rule

July 8 (AP)—Rulers of British-ruled Africa called today for a concerted effort to free all Africans from white rule and unite their continent.

The drive was sparked by a speech by Prime Minister John Kenyatta at the opening business session of the week-long conference of commonwealth leaders.

In his speech, Kenyatta appealed to the other commonwealth premiers to form a united front on the question of African liberation and unity. He called the roll of countries that would specifically attack white minority governments in Southern Rhodesia and South Africa when the conference takes up the issue of "the promotion of British territories to full independence." This will likely come up Friday.

Kenyatta's speech indicated that the commonwealth of South Africa would call for a Commonwealth conference to discuss the situation of the republic but still does not want to discuss the situation with its members.

### Cuban Refugees Continue to Arrive in Miami

MIAMI, Fla., July 8 (AP)—Forty-five Cuban refugees arrived from Cuba this week in five small boats despite increased fortifications of Cuban coasts.

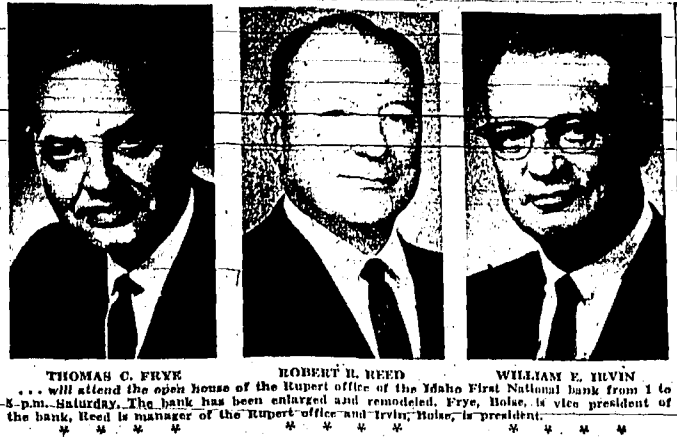

Refugees arrived from Havana yesterday said a stretch of about 100 miles of the north coast is "solid with fortifications of concrete, wire, trenches, cannons, machineguns and tanks."

The Cuban Refugee center said the week's arrivals brought to 200 the number of small boat refugees it has recorded since June 1961.

### Channel Ferry Runs Aground

LONDON, July 8 (AP)—The Channel ferry Arrancliffe gave off French schoolchildren an unexpected thrill yesterday. It ran aground off the south coast of Britain.

The 140-ton ferry, carrying 240 children and the children were landed at Newhaven pier. There were no casualties.

THOMAS C. FRYE, ... will attend the open house of the Idaho First National Bank from 1 to 5 p.m. Saturday. The bank has been enlarged and remodeled. Frye, Boise, is vice president of the bank. Reed is manager of the Rupert office and Irvin, Boise, is president.

## Idaho First National Bank Slates Open House Saturday at Rupert Office

RUPERT, July 8 (AP)—The Rupert office of the Idaho First National Bank will have a ribbon-cutting ceremony at 1 p.m. Saturday and the newly remodeled and enlarged building will be open to the public until 5 p.m.

"This expansion and investment reaffirms our confidence in the future of this area and emphasizes our desire to better serve our customers," stated William E. Irvin, Boise, president.

Robert R. Reed, manager of the Rupert office, said, "We are glad to bring these enlarged quarters to Rupert and we appreciate the patience of our customers who have had to endure noise and inconvenience during the construction."

"No business will be conducted Saturday so that everyone will have the opportunity to inspect this larger, remodeled office and to tour behind the scenes and really see how a bank operates," concluded Reed.

There will be music, favors and refreshments served during the grand opening. The exterior walls of the bank have been completely resurfaced with gray Missouri marble.

The entrance on Fifth street has been retained but the main entrance is now on "F" street in the area added to the former quarters. The entrance opens to a 20-foot high lobby decorated with ornamental lighting fixtures hanging from the high ceiling.

The lobby floor is covered with onyx marble tile and the office area is carpeted.

Fixtures are of walnut finish and the entire banking quarters are completely air-conditioned for summer and winter weather.

The working area of the bank, which was more than doubled with the expansion, now includes an employees' lounge and ample storage space for supplies and records.

The sun's glare is controlled on the Fifth street side with anodized aluminum solar grills and by gray solar glass on the "F" street side.

The night depository for after-hours banking is in the same location.

The Idaho First National Bank has 41 offices in 33 Idaho cities.

Mrs. Lavina O'Donnell, who called Sheriff Conner, said she heard the cap pop off the tank and when she saw the gas escaping, was concerned about the possible danger.

The Gooding Gas and Appliance company was called by Sheriff Conner. They saw no damage and no one was hurt.

U. S. IMPORTS RISE

WASHINGTON, July 8 (AP)—U. S. imports rose slightly in May, the commerce department reported yesterday. Imports were valued at \$1,448,100,000, after seasonal adjustment, compared with \$1,442,100,000 in April.

## Communists Plan Slate in Washington

SEATTLE, July 8 (AP)—The communist party will try to win a state of candidates on the Washington ballot in next fall's elections, a spokesman said yesterday.

Burt Nelson, Seattle, spokesman for the party in this area, said "We are seriously considering such action."

It would be the first time in 24 years the communist party has appeared on the state ballot. Minor parties can get on the ballot in this state by having a nominating convention Sept. 15, the date of the primary.

At Olympia the state elections supervisor, Kenneth Gilbert, said the communist party had inquired whether filings would be accepted. Gilbert said the attorney general's office had been asked for legal advice.

Gilbert said the question is whether the United States Supreme court decision last month, removing loyalty oath requirements for public officials and employees, applies to candidates for public office. A state statute now requires candidates must sign a loyalty oath to get their names on the ballot.

## Charity Fund Audit Starts

BOZEMAN, Mont., July 8 (AP)—Sheriff Warren W. Hyde says a Brigham City certified public accountant has begun an audit of Box Elder county's March of Dimes fund.

More than \$7,000 was discovered missing from the fund last month.

Hyde said the audit, part of a county investigation of the shortage, would cover the fund's last four years of operation.

The sheriff's announcement of a March of Dimes audit is the second in two days.

New York officials of the National Foundation said Monday they would inspect financial reports from each of Utah's 29 county March of Dimes chapters.

Hyde said his investigation of the shortage would be completed within the week.

He said findings would be turned over to the Box Elder county attorney for a possible complaint against a volunteer fund-raiser, who officials say has admitted taking the missing money.

## Salt Lake City Ordinance to Control Egg Mix

SALT LAKE CITY, July 8 (AP)—A new ordinance is on Salt Lake City books today regulating the use of egg mix.

The ordinance calls for pasteurization of egg products to certify freedom from bacteria called salmonella, Heidelberg, which causes a flu-like infection.

The measure was prompted by a recent outbreak of the disease traced to egg products. There had been no evidence of the infection in whole eggs.

MARVIN D. STANDLEE, son of Mr. and Mrs. Dale Standlee, Jerome, has been presented the Duty to God award in the Jerome second LDS ward by Bishop Herk M. Drake.

## Good Shots

CAPE KENNEDY, July 8 (AP)—The Polaris A3 missile closed out its test firings at Cape Kennedy yesterday with three straight successes.

The nuclear submarine John Adams launched the missiles on 1,600-mile flights down range from a submerged position about 30 miles offshore.

The successes gave the A3 a scorecard of 40 good shots in 45 firings.

## Shoshone Grants Building Permits

SHOSHONE, July 8 (AP)—Several building permits were approved by the city council Tuesday night.

Gary Kehler plans a residence on property he purchased from Harold Thorne on West C street. Myron D. Johnson, addition and remodeling of residence on East C street, and Elmer Terry, childproof workshop on West A street.

George Carico met with the council regarding the 1963 audit, giving his report.

Discussion centered around repairs and improvements of city streets.

Alfred bartender permits were issued.

## Flood Damage In Montana Is Estimated

WASHINGTON, July 8 (AP)—Damages inflicted by Montana floods a month ago were estimated today at \$2 million dollars.

The estimate was given at a Senate public works subcommittee hearing on a bill to provide federal funds for highway repairs.

Emergency repairs to Montana roads and bridges will cost an estimated 12.3 million dollars, senators were told at the hearing conducted by Sen. Lee Metcalf, D. Mont.

A statement by the federal office of emergency planning said private property damages amounted to 41 million dollars. Public property damage was put at 21 million dollars.

The statement said Montana will receive about 4.6 million dollars in emergency disaster relief funds. The flood-damaged portion of the state was declared a major disaster area by President Johnson.

## Driver Kills Man, Removes License Plates and Runs

NEW YORK, July 8 (AP)—A motorist who killed a pedestrian last night, got out of his car, unsewered the license plate, tucked it under his arm and walked off, police reported.

The victim was Irving Silverfarb, 63, Manhattan, who was returning home from a grocery store with his wife, Gella.

Witnesses told police the car driver, a man in his late 20s, ignored the victim and abandoned his car in the middle of the intersection.

## Water Skiers Set Sunday Show

HAGERMAN, July 8 (AP)—Members of the Snake River Ski club are preparing for their water show scheduled from 2 to 4 p.m. Sunday at Sportman lodge, southeast of Hagerman.

Two new members of the club are Howard Jeppson and D. J. Averell.

The kite, ordered by the club, has arrived and Lloyd Brown Hagerman, made his first flight at the practice. Donald Hume will jump at the show and Brown will fly the kite.

## Fizzles on Job

NEWARK, N.J., July 8 (AP)—Residents of a multiple-family dwelling here have been getting soda water out of their kitchen faucets since a plumber flooded a job on Friday.

The man was supposed to install cylinders of carbonic gas to supply letter for a confectionary soda fountain on the ground floor but he apparently hooked them up to the wrong pipe.

"Twenty dollars I pay him," growled Morris Brandes, owner of the candy store, who has called the plumber back to disconnect the gas from the cold water system.

## Board Changes For Hagerman Methodist Church

HAGERMAN, July 8 (AP)—The Hagerman Methodist church board met Tuesday evening and reorganized.

Alfred Sandy was reelected chairman. John Sanborn, vice chairman; Mrs. Virgil Norwood, secretary; and Donald Rea, treasurer, to fill the vacancy left by Mr. and Mrs. Ron Taylor, who resigned.

The board went on record favoring the repeal of per-nutual betting.

It was voted to send news letters to all church members periodically with the Rev. Edward Hagerman doing the publications.

Tentative plans were made for repairing the church building.

Following the business meeting, Mrs. Alfred Sandy and Mrs. John W. Jones served refreshments in honor of the birthday anniversary of Sandy and Mrs. Ray Clawson.

The next meeting is set Aug. 8.

# The Challenge Vitality Express

All aboard for vitality and energy with the Challenge family of fine dairy foods, the freshest, tastiest dairy products you can serve your family.

Get on the vitality express. Always keep plenty of delicious Challenge dairy foods in your refrigerator.

WASHINGTON, July 9.—The American Broadcasting company today is paying general Eisenhower \$50,000 for acting as commentator during the Republican national convention in San Francisco.

In ten days the astronomical sums spent by the three rival networks to capture the television audience this is not out of line for a big boxoffice name.

For the former President or president it may compensate him for the influence he might exert on the delegates as close to the winning point.

The considered view of political observers here is that even if he were to make the plunge and run out strong for Gov. William W. Scranton for the nomination it would at this point make little difference in the

later the general expressed his outrage with solidarity profanity.

More widely advertised was his willingness to strike out the prepared text of a speech to be delivered in Wisconsin a paragraph praising General Marshall.

This was done at the behest of Sen. Joseph McCarthy and other Wisconsin Republicans, who thought Eisenhower the paragraph might draw bows from the audience.

Once in the White House he gave hardly more than formal consideration to the congressional politics. Republicans in Congress grumbled that they hardly ever saw the President and when they did it was difficult to interest him in the problems of the country.

In the Eisenhower years the executive mansion was almost as seclusive as Gettysburg, and the El Dorado country club in Palm Desert have become a favorite place for his summer father-figure above the battle.

It may be one reason for his continuing hold on the public. A attempt to reshape his party

It's a difficult task in which council members will have to break with tradition. They'll have to forget themselves, their communities, their counties. If the council rises to this challenge, it will be established firmly as the chief guide of all Idaho legislation in the future.

Business and industry could cut their standards, but their leaders know that this is the road to failure. The only answer is more education, better training, greater stress on developing the experience which will always be in demand in every field.—Palo Alto (Calif.) Times.

**FAMOUS LAST LINE**  
 "... She was preparing dinner but disappeared when I told her to 'beat it' after she inquired about salad dressing."  
**GENTLEMAN IN THE FOURTH ROW**

This is an advantage the Republican nominee can't enjoy whoever he turns out to be. He won't have a white House record to point to and he and his

# Idaho Sales Tax Is Still Big Question

By WALTER F. WHITEHEAD  
BOISE, July 9 (AP) — Idaho enters the dog days with the public issues of legislative reapportionment and water development getting the headlines.

But behind the scenes partisans are gathering ammunition for the battle on a more explosive subject — the sales tax.

In the words of one of the state's leading political figures, the reapportionment problem arouses interest only among "legislators, news reporters and political aspirants." Water development probably means as little to the man on the street.

The sales tax, however, is another matter. Potentially, it touches every citizen's pocketbook.

Ask almost any political observer to rate the problems facing the legislature in the order of their importance, and he will rate the sales tax first. The tax is at the center of the dialogue over state financial troubles, school funds and welfare.

The tax-reform forces want a law that would have 14.4, a three per cent sales tax to replace the property and tax structure was struck down in the state senate in 1963.

A rival group, known as the Regressive Sales Tax Youth Committee, is stumping against the tax.

Both organizations are working quietly this summer to force the lawmakers that, hopefully, will pay the legislature one way or the other.

Both sides are using the technique of the informational campaign to sell their wares.

The tax-reform forces have a number of legislators from larger counties, the Idaho State Chamber of Commerce and the Associated Taxpayers in their camp, are going ahead with their state-to-hold educational meetings in 40 of the 44 counties.

Citizens for Idaho Tax Reform speakers argue that the three per cent sales tax, had it been passed, would have raised \$4 million dollars this biennium and resulted in a 40 million dollar cut in property and income taxes.

Under the present tax structure, the sales taxers argue further, citizens have lost \$10 million in income during the next biennium, although it will need 120 million to provide services.

Rep. T. F. Terrell, the veteran Blaine county legislator who is one of the chief spokesmen for the campaign, claims the present tax system is "unwisely and discriminatory" and that a sales tax is the way out of the maze.

Opposition to the sales tax is centered in the border counties, whose merchants see a disastrous drop in sales if a tax is passed.

Robert Cushman, the Payette businessman who serves as co-chairman of the Regressive Sales Tax Youth committee, says his group will attempt to counter the pro-sales tax drive with a campaign of its own.

"We don't say they're not telling the truth," Cushman said, "but they're kind of bending the facts a little bit."

Cushman said his committee believes that, in the long run, the sales tax will not result in tax reform. He said experience in other states has shown that if property and income taxes are shaved, they are soon raised again.

But unless sales tax opponents can come up with a good alternative plan, Cushman said, there will be a more determined drive to pass the tax. Last session sales tax critics proposed adding \$10 to the state "head tax," earmarking the revenue for education.

Last session the big problem was education," Cushman said. "We don't argue with that a bit. But our teachers here in Payette never see any of the additional money spent for education."

Cushman said his committee will distribute several brochures attacking the sales tax. He said each group in the state, the Farm Bureau, Grange and related groups have expressed an interest in helping distribute the material.

# New Course Offered at T.F. School

Mrs. William Pressley will be teacher-coordinator of occupational office practice, new course to be offered at Twin Falls high school.

The course will be put into effect this fall when senior girls begin preparation during two class periods a day. They will then be placed in local business offices from 3:30 p.m. each week until the end of the course. The course is at least one year of typing. The girls will be given instruction on the four basic office machines during the nine-week period before being sent out on their jobs.

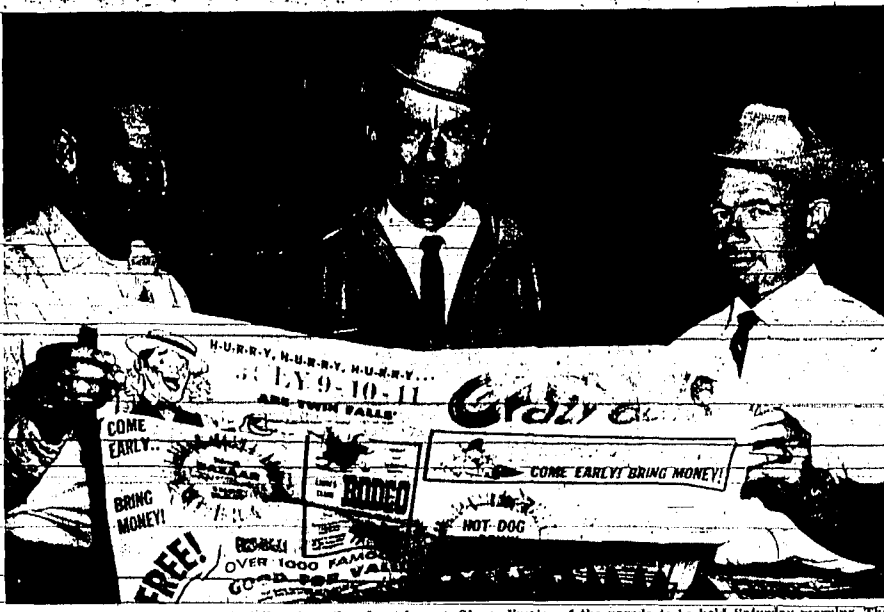

Every effort will be made to see that each girl is placed at a work station to which she is well suited and likely to succeed. The program has been used by Borah high school, Boise, for the past seven years.

Boise employers who have participated in the experience have found that the student who is supervised and helped by the school does a good job for them.

Prospective employers who would like to provide a work station for one of the Twin Falls high school students may call the high school, 725-5551, or Mrs. Pressley at 725-1240.

LUCKY POTATOES will be given away each day to motorists coming into Twin Falls during the next two days of "Crazy Days." The potatoes will have names of Twin Falls merchants on them and if a motorist is lucky enough to get one he can take it to the merchant and receive a prize. Roadblocks will be set up on highway 83 by the Perline bridge, on Addison Avenue, on Kimberly road and in South Park. The potatoes are shown by James Mason, left, and Leslie Howe. (Times-News photo)

READING PRINTED VERSION of the plans they have been working on for the past several weeks are from left, R. L. (Honorary) Ward, manager of the Lions club rodeo; John Roper, chairman of the Crazy Days festivities in Twin Falls, and Virgil Olson, director of the parade to be held Saturday morning. The trio has been coordinating the festivities, he held through Saturday, for several weeks and promises the largest, wildest, craziest Crazy Days yet. (Times-News photo)

# Raps Court

WASHINGTON, July 9 (AP) — Sen. A. Willis Robertson, D-Va., said yesterday that Congress should strip the powers of the supreme court or "take more care in the selection of its membership."

The Virginian accused the court in general of usurping powers delegated by the constitution to the legislative branch, and criticized Chief Justice Earl Warren in particular for recent legislative apportionment decisions.

# Old Revolutionary Fervor Is Fading from Russians

(Editorial note: The old revolutionary spark seems to be disappearing in Russia. The powers of the supreme court or "take more care in the selection of its membership.")

MOSCOW, July 9 (AP) — The Soviet revolution gives much evidence of running down.

That is a development perhaps as pleasing to some Soviet people as to the people in the West.

This doesn't mean that the Soviet Union has stopped growing.

# Russians Seem to Agree U.N. Troops Needed at Hot Spots

UNITED NATIONS, N.Y., July 9 (AP) — Authorizing dispatch of a peace force to a world hot spot now is accepted procedure at the United Nations. Even the Soviet Union appears to be agreeable at least in principle.

But putting a force together swiftly and assuring its efficiency are tough problems.

The United Nations has in times of crisis, such as those in Cyprus and the Congo.

Western diplomats took deep interest this week in a Soviet memorandum calling for establishment of a permanent U.N. peace force under the control of the security council.

The U.N. charter says that members shall provide armed forces when the council decides they are needed to maintain world peace.

It provides for a military staff committee to aid the council on the strength, employment and command of such forces. The committee is made up of five permanent members of the council — the United States, the Soviet Union, Britain, France and Nationalist China.

The committee disassembled in 1947. Of how military contributions should be made to such a force, it confers to meet periodically at U.N. headquarters but only long enough to exchange formalities.

In 1950, the general assembly gave itself the task of finding a way to preserve peace when a big power veto paralyzed the council.

Under that authority the assembly set up the U.N. emergency force in the Middle East in 1956 and the Congo force in 1960. But the job of setting up the force in each instance fell to the secretary-general and his staff committee.

In the case of Cyprus it took Secretary-General U. Thant 100 days after the security council authorized it to obtain commitments from the seven-nation force. It took more than three weeks before the force became operative.

The delay was due in part to demands from contributing nations as to what their troops would be expected to do in a situation that verged on civil war, how long they would be needed, and how expensive the operation would be.

The contributors were told that they would have to pay the costs of maintaining their troops in Cyprus because no U.N. money was available. Financial help was solicited from the wealthier countries. Contributions for the first three months included about 2 million dollars from the United States and a million dollars from Britain.

To overcome this, the Scandinavian countries and Canada, with an approving nod from the forces when the council decides they are needed to maintain world peace.

The Soviet Union voted for the Cyprus operation but has not contributed money or service. It has refused to pay anything in the past toward the Middle East and Congo forces.

The charter provides that any member two years in arrears in total dues shall lose its voting right.

The Soviets are undoubtedly seeking to put the authority over the force back in the military staff committee and the council, where they have the big mover veto.

When Khrushchev set out to destroy the image of Stalin, it was a "purge" to clean up the party history. But it shook the faith of many.

The days of the old "barbaric fighters" have given way to another generation waiting to take over.

The glow has gone even from some of the heroes of those days when communists were called for weakness and family ties. The influence of the party and government would be felt more.

That, too, has changed. The family no longer is a thing to be despised, but to be encouraged and respected.

The state and party still make themselves felt as the basis of life in the Soviet Union. In children's pioneer organizations, in the Young Communist League, the young of the land still are indoctrinated with communist precepts.

But there is increasing cynicism about the constant new drives of communism. In 1961, Khrushchev outlined at the party congress the project for bringing full-fledged communism to the country in 20 years.

The party editorials pushed with enthusiasm, but the project brought audible means from many Russians.

"It'll be an old man then, still poor, like my father," said a Russian salaried man, with a wife and one child.

With two generations already sacrificed to the building of communism, the present population is not delighted at the prospect of seeing a third generation go through the poverty mill.

Increasingly they are able to make their voices heard, in a way never to have been thought of under Stalin.

The sons and grandsons of the same farmers are simply not producing, and the government and party now are offering more and more inducement for individuals to work harder. Farmers are still the downtrodden part of its population.

All this doesn't justify any conclusion that communism itself is dead. Any communist leader can point to great accomplishments in the country since 1917.

It is a safe bet that if the Russian people were asked to vote for or against communism, they would vote overwhelmingly for it. It wouldn't be 99.95 per cent, the way it is in the elections, but it would be a majority vote. It is now their way of life.

# Wyoming Power Plant Planned

RAWLINS, Wyo., July 9 (AP) — Pacific Power and Light company announced yesterday it would build a steam power and electric plant near Rawlins to cost in excess of 60 million dollars.

Donald R. McLaughlin, Pacific president, told a group of Rawlins businessmen the plant would be "equal to or even larger than" the company's new steam power and electric plant at Glenrock in central Wyoming.

# Sun Valley Theater to Start

SUN VALLEY, July 9 (AP) — Encouraged by the enthusiasm of members of local communities and regular guests of the famous Union Pacific resort for a summer theater, the Ketchikan-Sun Valley theater workshop begins its inaugural season Thursday and Friday with "The Desk Set," the comedy that delighted audiences in its long Broadway run.

"The Desk Set" is the laugh-provoking story of the complications which arise when an efficiency expert attempts to introduce an electronic brain into an already efficient office. These performances, and the others that follow, will be held at 8 p.m. in the Holiday Inn at Sun Valley.

Founded by Seattle theater patrons Mrs. Peter E. Holser, the theater workshop is composed of 18 drama students from western universities, many of whom have already distinguished themselves in drama groups in Seattle and elsewhere.

Under the direction of Henry T. Mumamo, assistant professor of drama, University of Denver, who has 10 years' experience in the professional theater, the workshop members will act, direct, design and build the production, while employed at summer jobs in the Sun Valley area.

In addition to providing the opportunity for local employment, a committee of area residents who have given financial and moral assistance to the workshop includes Mrs. Theodore Gruener, Mrs. David Rosenthal and the wholehearted cooperation of the Sun Valley operation.

The cast of "The Desk Set" includes Jenneth Webster, this year's award-winning actress from the University of Washington; Karen Roelcher, supporting actress award-winner from Washington State University; and Norma Caesar, best actress award-winner from Washington State. Fred Van Patten, University of Washington, and Gary Bates, Washington State, complete the roster.

Additional performances of "The Desk Set" and a new production of "Season in the Sun" are scheduled for July and August, alternating with three one-act plays directed by the students themselves. The young company will climax its first season in August with the musical "Lady in the Dark."

To excite interest in this creative project and to lend financial support to the venture, talented residents of the Ketchikan-Sun Valley community are producing a series of melodramas under Mumamo's direction. The several performances of "East Lynne" already held drew cheering audiences. Future dates for "East Lynne" are July 17 and 31 and Aug. 28.

HUGH TROY DIES  
WASHINGTON, July 9 (AP) — Hugh Troy, 88, artist, writer and well-known practical joker, died Wednesday after a long illness.

# YOUR BIRTHDAY and HOROSCOPE

**THURSDAY, July 9**—Born today, you have wit, humor and a storehouse of wisdom that could send you flying to the top of your chosen profession. The only thing that could prevent you from doing so is a lack of desire to dominate, lead, guide, control or even wheedle others into doing as you bid. You must attempt to push or pull them against their will. That way lies revolution.

You are intensely creative. A day goes by that you don't have some worthwhile idea, both new and feasible. You could build on such originality—perhaps in one of the art fields—and make a career out of it. Remember, however, that you, like the majority of other people, will have to start at a low level, no matter what your ultimate goal.

Highly emotional, you must take care not to let your heart lead your head in matters where reason must be the controlling agent. Always double check any decision to be sure you have not based it on how you feel rather than on how you think. You have an excellent mind, and there is no reason why you should not use it well.

Among those born on this date are: Julius Howe, inventor of the sewing machine; Dorothy Thompson, author; Albert G. Wedemeyer, U. S. general, World War II.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

## Buffalo That Butted Girl Is Butchered

**YELLOWSTONE NATIONAL PARK, July 9**—Park officials said Wednesday the buffalo that butted an Illinois girl about 40 days ago had been butchered through "regular channels."

Christy Zook, 14, daughter of Mrs. Gordon Zook, Arlington Heights, Ill., was released from the hospital at the park July 4 after being treated for back injuries and bruises.

She had been watching adults photograph a bull buffalo when the animal charged. She ran but the animal overtook her and butted her high into the air.

Park Administrative Assistant Jim Rodbolt said the buffalo was butchered and placed in cold lockers where Indians or county hunters could pick the meat up.

Godbolt said an elderly man was injured last summer while photographing a buffalo, but not seriously.

He said park policy allows photographing of the animals "from a distance." He said when the little girl was attacked "a number of people were apparently pretty close" to the animal.

## 'Junkpile' Finally Has Good Flight

**GREEN RIVER, Utah, July 9**—A slender Athena missile was launched yesterday in a successful flight of the solid propellant four-stage rocket, used as "help" develop advanced re-entry systems for missile warheads.

Dubbed the "flying junkpile," the 50-foot high pencil-shaped Athena was fired by the air force in one of more than 70 scheduled experimental flights in the program.

Re-entry vehicles impacted as scheduled on the White Sands missile range. Monitors confirmed the first and second stages impacted on safe areas as programmed, according to an air force announcement at Norton air force base, Calif., headquarters.

A previous shot last February went astray, with the Athena landing in a desolate area near Durango, Colo.

The junkpile label was given the missile because it was made up of parts and components from other rocket systems.

The flight course is approximately 400 miles in the test.

The air force's missile systems division is engaged in the Athena program.

## 'Computerized' Teaching Better Regular Class

**NEW YORK, July 9**—Without benefit of teachers, 20 children in a public school kindergarten have taught themselves to read at second-grade level. The instruction was by "computerized typewriter."

And they learned faster than did a control group that was given enriched instruction by teachers. It was reported yesterday.

The results of the five-month state sanctioned experiment at a Prepost, Long Island, school are announced by the superintendent, Dr. John H. Martin.

The youngsters used an electronic machine called the Edison Responsive Environment, which permits the child to type letters, words and sentences that are then reproduced on a screen and spoken by the machine.

The children each spent 30 hours in 30-minute sessions with the machine.

## Hoover Won't Attend GOP National Meet

**NEW YORK, July 9**—Herbert Hoover, oldest living ex-president, will miss the Republican National convention for the first time since he left office three decades ago.

Hoover, who will be 80 next month, said through a spokesman that he will send a 600-word statement to the convention that opens in San Francisco Monday.

He has been confined to his suite in the Waldorf Towers where he is recovering from a grave illness.

**POLK FALLS TO DEATH**  
**WASHINGTON, July 9**—Mieczyslaw C. Polk, 66, former chief of police of Warsaw, Poland, was killed Wednesday in a fall from the seventh floor of a downtown office building.

**CANCER** (June 22-July 23)—In light of present circumstances, perhaps Cancer should retreat. A hint results from the battle of business could do a world of good.

**LEO** (July 24-Aug. 23)—Use your knowledge of design to make an impression on those in authority. Advancement may be offered to the worthy applicant.

**VIRGO** (Aug. 4-Sept. 23)—Deep undercurrents may distract you today from the project at hand. If so, give in to a period of archaic philosophizing.

**LIBRA** (Sept. 24-Oct. 23)—Know what you want and go after it. But if the removal of obstacles involves harming others, let your conscience be your guide.

**SCORPIO** (Oct. 24-Nov. 23)—Though it would not require much effort to effect changes within the home today, be certain that you really want those changes.

**SAGITTARIUS** (Nov. 23-Dec. 22)—Take pride in your accomplishment and you will accomplish more—and better! Sloppy work habits, like slovenly dress, will get you nowhere.

**CAPRICORN** (Dec. 23-Jan. 20)—Your friends and family may be worrying needlessly. Tell them just what you're doing and why.

**AQUARIUS** (Jan. 21-Feb. 19)—A day or so more and the end of present difficulties should be in sight. The rewards should be well worth your trouble.

**PISCES** (Feb. 20-March 20)—Seek to establish harmony among co-workers. If only for a single day, the idea might establish—and the employment situation improve accordingly.

**ARIES** (March 21-April 20)—Loved ones have the good word for today. Strangers may supply you with profit, but only those close to you can give you proof of your worth.

**TAURUS** (April 21-May 21)—If you must end up in the middle of a dispute, seek to make it one between friends, not enemies. Act the buffer calmly and avoid injury.

**GEMINI** (May 22-June 21)—The figure you cut among friends today is one they are likely to remember. Pay attention to grooming.

**Jerome Youth Gets Degree From Air Force**

**JEROME, July 9**—First Lieut. Lawrence O. Coupe, son of Mr. and Mrs. Ernest T. Coupe, Jerome, graduated with a master of science degree in missile engineering from the air force institute of technology at Wright-Patterson air force base, O.

Lieutenant Coupe is remaining at Wright-Patterson for duty.

He will be assigned to the foreign technology division of the air force systems command, which researches, develops and tests air force planes and missile systems.

The lieutenant, a member of Alpha Tau Omega, received his BS degree in mechanical engineering from the University of Idaho and was commissioned there through the air force reserve officer training corps program.

**Tea Slatd by Area 4-H Club**

**SHOSHONE, July 9**—A tea will be held between 3 p.m. and 4 p.m. Friday by members of Shoshone Shiner's 4-H club, foods three. Dianne Paragon will make invitations and Marilyn Manning will do a craft. Debbie Knowles is in charge of the event.

Demonstrations at a meeting Tuesday morning at the home of Mrs. Fern Manning, leader, given by Miss Manning, Miss Knowles, foods; Miss Paragon, an illustrated talk; Melinda Broyles, home grounds; and Jill Thorne, sewing.

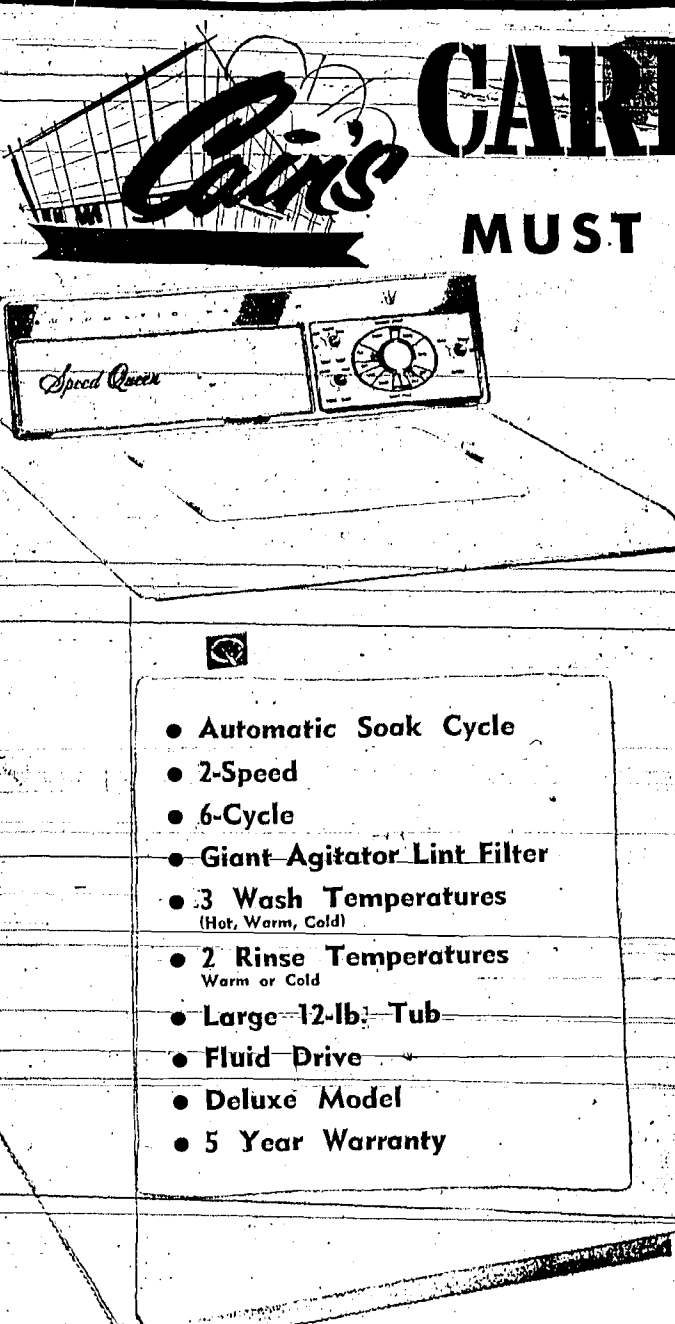

Assignments were given Miss Manning, Miss Knowles, Miss Paragon and Miss Broyles for the next meeting, 10 a.m. Tuesday, at the Manning home.

There will be a special talk on child care, by a guest speaker.

## Ousted Brazilian Leader Stricken

**MONTEVIDEO, Uruguay, July 9**—Former President Jose Goulart of Brazil has had a heart attack.

His doctors said yesterday the attack was a moderate coronary. Goulart has been living in exile in Uruguay since he was ousted from Brazil in last April's coup.

108 WASHINGTON ST. NO.—TWIN FALLS

## Persecution Of Russian Jews Rapped

GENEVA, July 9 (AP)—The International Commission of Jurats has accused the Kremlin of using Soviet Jews as scapegoats to divert attention from "capitalist corruption" among communist party members.

The commission said Moscow blames Jews for the "moral malaise" in the Soviet Union because it would be "dangerous" to reveal the names of party officials and members who are caught in economic crimes in the Soviet Union.

It is a tragedy for the Soviet Jewish people that they have been made the scapegoat for the transgressions of those whose guilt it would be dangerous to make public, the report said.

"These unparalleled facts explain the severity of the laws on economic crimes, even to the extent of fomenting a highly-publicized trend in the new penal policy."

Economic crimes in the Soviet Union now are punishable by death.

The commission said that legislation passed in 1951 dealing with such crimes contrasted sharply with recent liberalization trends and "gives a strong indication of the magnitude of this problem after 40 years of communist rule."

The commission, a non-governmental organization with United Nations advisory capacity, said "The real truth is a veritable cancer in the vitals of ideology—capitalist corruption even within the party and in local economic administration and a spectacle of large fortunes made quickly."

The commission, which is supported by more than 45,000 lawyers in 100 countries, said that Soviet Jews "are victims of the high interest in state, the need to bolster belief that the communist way is the right way and the successful way, and that capitalism is both evil and less successful."

## Solon Vows To Press for More Beets

WASHINGTON, July 9 (AP)—Sen. Hubert H. Humphrey, Minn., said yesterday he would do "all in my power" to fight for a sizable increase in the share of the federal U. S. market for domestic beet sugar producers.

Humphrey said in prepared remarks that because of the unstable supply of foreign-produced sugar, domestic beet growers were asked by the government in 1963 and this year to expand their output.

American growers "responded with a magnificent performance" when they were given larger emergency allotments, Humphrey said, to offset reliance on foreign supplies, which fluctuated wildly in price.

Now, the senate Democratic whip said, domestic beet producers face a cutback of up to 40 per cent of their output because foreign suppliers may reclaim their larger share of the U. S. market.

The United States imports almost one-half of its annual sugar consumption needs, while domestic beet and cane sugar supply the remainder according to strict allotments administered by the agriculture department.

Humphrey said U. S. growers' production "has been pushed to levels substantially greater than their marketing quota, which means that unless the domestic beet sugar industry is awarded a substantial quota increase this year, it will face a 40 per cent cutback in production by 1966."

## Taylor Brushes Protocol Aside, Visits Khanh

SAIGON, July 9 (AP)—General Maxwell D. Taylor, newly appointed ambassador to Viet Nam, brushed aside diplomatic protocol yesterday to confer with Vietnamese Premier Mai Gen. Nguyen Khanh on ways of stepping up the government's war against communist guerrillas.

The meeting between the U. S. soldier-diplomat and the Vietnamese soldier-premier was held in defiance of normal diplomatic practice under which new diplomats do not meet with government officials until the formality of their accreditation is completed.

Taylor, visiting no time, called on Khanh for a one-hour talk even before presenting his credentials as ambassador to South Viet Nam's chief of state Mai Gen. Duong Van Minh.

TO SEE CHINA  
FRANKFURT, Germany, July 8 (AP)—The publicly owned German Travel Bureau announced yesterday it has signed an agreement with Communist Chinese tourist authorities for German holiday-makers to make "package tours" of the Chinese mainland.

MOST VALUABLE GIRL member at the University of Idaho summer music camp is Angela Wells, Twin Falls, left. She is receiving an award from Warren T. Heilig, associate professor of music and director of the camp.

## Survivors, Not Morticians, Blamed for Goulismess

WASHINGTON, July 9 (AP)—A New York clergyman said today that although most morticians perform their task honestly there are others "who must be stigmatized as ghoul-like gravediggers" who prey on the living through the dead.

The Rev. Howard A. Johnson, canon-theologian of the Cathedral church of St. John the Divine (Protestant Episcopal), New York, told a senate investigation into the funeral business that his criticism was not as much an attack on morticians "as it is upon us, the living."

"By our colossal ignorance of that which is taught in the church and in the synagogue," he said, "and by our fearful sentimentality in the face of death we are guilty of leading some of the undertakers into temptation."

Most of America, he said, seems to be involved in a vast conspiracy to hush up the fact of death.

He said, "Grief causes the threshold of sales resistance to be low."

To show some of the facts of costs, Sen. Philip A. Hart, D.,

## Mrs. Goldwater Has Birthday

PHOENIX, July 9 (AP)—Sen. Barry Goldwater's wife, Peggy, observed her 55th birthday yesterday.

The wife of the man favored to win the Republican presidential nomination spent the day quietly at the Goldwaters' hill-top home overlooking Phoenix.

Mich, chairman of the senate antitrust and monopoly subcommittee, released at today's first hearing a chart showing that costs of identical funeral services rose sharply as the price of the casket increased.

## Buhl Vote Set on Dog Leash Law Request

Buhl, July 9 (AP)—A petition bearing 170 signatures requesting a dog leash law was reviewed during the regular monthly meeting of the Buhl city council Tuesday night.

Council members voted unanimously to hold the petition in abeyance and submit the question of a dog leash law to voters in the next general city election. It was felt all citizens would be given a fair chance to express their opinions.

The audit report for the 1963 calendar year was submitted by J. Robert Tullis, CPA, and accepted. In other business it was voted to issue a formal thank-you to all persons, especially Buhl Jaycees, for their efforts for a successful August day Fourth of July celebration.

Councilman R. M. Peterson, recreation committee, announced the artificial field at Park is being reserved Monday and

Thursday evenings for women's leagues.

Building permits were issued to

Westcott Oil corporation to construct a 28 by 45-foot metal building to serve for a warehouse

## Colorado Alters Vote Lines, Cities Control Legislature

DENVER, July 9 (AP)—Colorado yesterday reapportioned its legislature on a population basis, apparently becoming the first state in the union to distribute all its legislative seats along the standards of the U. S. supreme court.

A three-judge federal panel approved after a hearing a reapportionment bill hammered out in special legislative session over the last six days. Gov. John L. McCardell signed the measure into law 40 minutes later.

In 1963, Colorado reapportioned its house of representatives

by population, but retained other factors in distributing senate seats. The supreme court ruled this procedure unconstitutional.

Lave called the special session last week to realign the senate along population lines.

Earlier in the year Colorado reallocated its four congressional districts by population.

The court ordered Colorado to conduct its 1964 legislative elections under the new law, which gives the cities control of both houses of the legislature for the first time in history.

and storage for 40,000; Walter Worley, metal roofing on a storage building, \$38; Troy Jetter, remodel bathroom of residence, \$400; Citizens Building Supply, addition to rear of residence, \$200; Earl Dunbar, roof on residence, \$20; C. H. Brier, remodel bedroom and living room, \$500; Charles Hesselholt, frame building for storage, \$150.

It was announced all residents in the McCollum district must have their property connected to the city sewer by Aug. 15.

SLIDE LECTURE SET  
JEROME, July 9 (AP)—A slide lecture presented by Mrs. L. L. Langdon, Twin Falls, will be the highlight of the evening at 8:30 p.m. meeting of the Jerome Grange Friday at the grange hall. The lecture, compiled by Mrs. Langdon on Ethiopia, will be presented prior to the business meeting. The public is invited.

## Oklahoma Test Shows Sonic Booms Affected by Weather

WASHINGTON, July 9 (AP)—Tests over Oklahoma City show that cloud layers, winds, turbulence, varying air temperatures or densities occasionally can greatly magnify sonic booms or deaden them to whispers.

This means that it is more difficult than sound engineers formerly believed to forecast accurately the volume of the sonic boom produced by a given airplane flying at a specified speed and altitude.

FAA engineers say they can still make such predictions accurately for ground areas directly below the sky track of a super-sonic airplane.

The sonic boom distortions show up for the most part only to the side of the plane's course. For "off-course" communities a sonic boom is no greater than expected or no slight as almost to escape detection.

In case you haven't heard one, a sonic boom is a sound resembling an explosion—it's produced when a shock wave formed at the nose of an aircraft traveling at supersonic speed reaches the ground.

In conducting the Oklahoma City tests, the FAA was looking ahead to future overland flights of supersonic transport planes. At a news conference Wednesday,

day, FAA Administrator N. E. Haisley said again that the sonic boom "is a more serious problem than we thought a year ago, in that we are getting what I call overbooming."

Haisley said there was no plan to continue the Oklahoma City boom flights beyond their planned expiration date next month.

## Portland Group Plans Greenwood Church Concert

HAZELTON, July 9 (AP)—The Singing Ambassadors, Portland, will present a concert at the Greenwood Community church at 11 a.m. Sunday.

The students are from the Multnomah School of the Bible. A varied concert of gospel songs, hymns and spirituals will be presented by the seven-member group. Music will include selections by a men's quartet, a women's trio and a mixed ensemble.

The public is invited to attend the concert. A free-will offering will be taken.

Following the concert, the third annual Greenwood Sunday School reunion picnic will be held in the Greenwood park.

## TELEVISION SCHEDULES

THURSDAY, JULY 9  
"Rawhide" (8 p.m. CBS)—A man who is unknown to be in his father was killed by the new driver.  
"U. S. vs. American Driver" (Special, Color, 8:30 p.m. NBC)—Van Hefflin narrates a tour down the historic route from Maine to Florida with historic glimpses and present day scenes including a campus hootenanny, a missile launching and the late President Kennedy officiating at the Tomb of the Unknown Soldier. This was filmed in 1963.  
"Hazel" (Color, 7:30 p.m. NBC)—Hazel persuades a famous painter to visit a war orphan her mother's club has adopted in "Of People and Politics." (7:30 p.m. EDUO)—Four well-known men discuss the characteristics and importance of primary elections.  
"Kraft Suspense Theater" (Color, 8 p.m.)—Four scientists and a guard calculate that there is only enough air for four of them in an underground lab after an explosion in "Leviathan Five."  
"The Jimmy Dean Show" (8 p.m. ABC)—Tonight's guests include Dick Burton, Molly Bee, Jerry Vale, David L. Luzzatto, the Chuck Casey singers and the Door-Hutchinson dancers.

Information below is given the Times-News by stations and questions should be directed to the station concerned.

# Stock Market and Financial Report

## Stocks

**NEW YORK, July 9 (U.P.)**—The stock market closed mixed today. Trading became active near the final bell.

The market, which has been advancing to new highs steadily for the last week, wasn't able to maintain its momentum. It ended with a slight decline, but the attitude of caution by traders.

Volume for the day was estimated at 4.8 million shares, compared with 4.7 million yesterday.

The averages, which had been slightly above during the morning, dropped in the final column.

However, the market stayed on a virtually even keel, bolstered by good business and anticipation of favorable corporate earnings reports.

Steels, fairly strong in early trading, backedtracked somewhat. U. S. Steel held onto gains, but the market's reaction to the public was ahead a minor fraction and Bethlehem showed a small loss.

Although *News* chemicals declined, Du Pont was ahead by a point and a half.

U. S. Rubber, Douglas, MGM and Xerox advanced about a point.

IBM, Control Data and Illinois Central lost around a point.

American Telephone, still the object of profit-taking, lost a fraction.

Prices advanced in moderate trading on the American Stock exchange.

## Livestock

**DAIRY CATTLE**—July 9 (U.P.)—The market for dairy cattle was active and steady. Prices for all grades of cows and heifers were firm. The market for calves was also active and steady. Prices for all grades of calves were firm.

**HOGS**—July 9 (U.P.)—The market for hogs was active and steady. Prices for all grades of hogs were firm. The market for piglets was also active and steady. Prices for all grades of piglets were firm.

**SHEEP**—July 9 (U.P.)—The market for sheep was active and steady. Prices for all grades of sheep were firm. The market for lambs was also active and steady. Prices for all grades of lambs were firm.

## Grain

**CHICAGO, July 9 (U.P.)**—The market for grain was active and steady. Prices for all grades of grain were firm. The market for meal was also active and steady. Prices for all grades of meal were firm.

**WHEAT**—July 9 (U.P.)—The market for wheat was active and steady. Prices for all grades of wheat were firm. The market for flour was also active and steady. Prices for all grades of flour were firm.

**BARLEY**—July 9 (U.P.)—The market for barley was active and steady. Prices for all grades of barley were firm. The market for malt was also active and steady. Prices for all grades of malt were firm.

## The Daily Investor

**BY WILLIAM A. DOYLE**

Q. I own 300 shares of a well-known mutual fund. I checked the price of this fund recently and learned it was \$11.85 bid, but the asked price was \$12.00. If I want to sell, I will get only \$11.85 a share, minus a commission.

A. If you want to sell, you will have to pay \$12.00 a share, plus a commission.

Q. I want to buy a mutual fund. I have heard that mutual funds are a good way to invest money. I want to know how to choose a mutual fund.

A. Mutual funds are a good way to invest money. They are managed by professional fund managers. You should choose a mutual fund that has a good track record and a good management team.

## Business Mirror

**BY RAM DAWSON**

**AT BUSINESS NEWS ANALYST**

**NEW YORK, July 9 (U.P.)**—A flood of earnings reports for the second quarter is under way. Early estimates and estimates reveal only a small minority of companies are doing better than a year ago.

Many are reporting a profit for the first time in a long time. This is a good sign for the economy.

But we also know that some people have had some bad experiences. The record shows that the economy is not as strong as it once was.

The U.S. treasury will be a big winner. Even at the low end, the record shows that the treasury is doing well.

And there can be some inconveniences when you leave securities with brokers. They may not be as good as they once were.

But the good news is that the economy is still strong. The record shows that the economy is doing well.

# Idaho Fishing Is "Improved" For Week-End

BOISE, July 9 (AP)—Improvement of fishing conditions throughout Idaho was reported Wednesday in the weekly summary by the Idaho Fish and Game department. "Most streams throughout the state have greatly improved during the past week," the department said.

## Homers Help Pirates Club Redlegs 9-1

PITTSBURGH, July 9 (AP)—Homeris by Manny Mota and Willie Stargell triggered a Pittsburgh offensive barrage that carried the Pirates to a 9-1 victory over the Cincinnati Reds Wednesday night.

While the Pirates were leading 12 hits, Bob Venable and Al McBean held the Reds to four. Mota started the scoring by hitting the fourth homer with a man on in the first inning off Jim Maloney.

Cincinnati's only hit came in the fifth inning when Joe Mauer singled. The Pirates scored three runs in the sixth and seventh innings. Mota hit a two-run homer in the seventh to seal the victory.

McBean pitched a complete game, allowing only one run and four hits. He struck out seven batters.

Stargell hit a two-run homer in the sixth inning to give the Pirates a 4-0 lead.

Top-Seeded Netters Gain Third Round

INDIANAPOLIS, July 9 (AP)—The rain-delayed Western Tennis tournament went into its third round Thursday with only one seeded player missing.

Ron Fisher, Houston, Tex., seeded No. 8, was defeated Wednesday by David Tate, Kingston, N.J., in the first round.

Stanley Blum, area: Catches from Alutka lake are being taken with pop gear from boats and the bank with worms; however, the fish are quite small.

Stanley lake is slow. The salmon river is high and they have experienced poor salmon runs.

Wisconsin Yachter Has Trials Lead

ATLANTIC HIGHLANDS, N. J., July 9 (AP)—Harry Bud Melges, Zenda, Wis., finished third and fourth in two races Wednesday to retain his lead in the U. S. 12-15-18 Dutchman Olympic yacht trials.

Harry Binde, Ware Neck, Va., the United States Flying Dutchman representative in the 1968 Olympics, took first place in the second race.

Wendy's races were sailed in westerly breezes of 12 to 15 knots and intermittent rain on Sunday.

Baseball Big Business

MILWAUKEE, July 9 (AP)—Baseball, once the plaything of millionaires, now belongs to the hard work of the business man.

"It's no longer a sport when you lose money," said John Mottale, president of the Milwaukee Braves who are reported to be seeking greater pastures in Atlanta, Ga., next year.

"These days an attendance of one million doesn't mean a thing when you're getting only \$400,000 for television," Mottale said.

Contrast that with the attendance attributed a few years back to Phillips Wrigley, who was questioned about the financial condition of his Chicago Cubs.

"I'm in the game business—not the baseball business," Wrigley was reported as saying.

But the Wrigley family is gradually disappearing from baseball. In their place you find people like Mottale and Braves board chairman William Barban.

The new breed of club owner, like Wrigley, Yawkey and Carpenter, enjoys the fun side of baseball but also, because of limited financial backing, must look at the practical side as well.

# SPORTS

## Army Man Sets Record In Rifle Meet

PT. HENNING, Ga., July 9 (AP)—An army officer set a national record in three-position small-bore rifle competition Wednesday during the Olympic trials at the U.S. International Shooting championships.

First Lieut. James Wigger, Carter, Mont., and the 425th Army Rifle Battalion training unit, scored 1150 points out of a possible 1200, shattering the national record by two points.

Wigger fired 374 in the standing position, 381 kneeling and 395 prone.

Runner-up in the first of three small-bore events was 2nd Lieut. Anderson, Astor, Neb., and the USAMUTU. He fired 1158.

The winner and runner-up will earn the right to represent the Tokyo Olympic in October.

First Lieut. James C. Bartlett, Okla., and the USAMUTU took first place in Wednesday's Olympic clay pigeon action, firing 98 out of 100.

Report of Sponsor Ban Vexes Dean

PASADENA, Calif., July 9 (AP)—Sponsorship of the Davis Cup tennis tournament was a "complete surprise" Wednesday night at a report his sponsor had ordered him to stop praising the tournament on national television.

The St. Louis Braving company, which sponsors Dean's basketball telecasts, declined to comment.

Emerson Seen As '64 Davis Cup Player

MELBOURNE, Australia, July 9 (AP)—President Norman W. Strang of the Lawn Tennis Association of Australia said today he is confident Emerson will be the champion.

Strang said he received a letter from Emerson today guaranteeing he will stay in Australia next season until the official closing date laid down by the ITAA—Feb. 28.

Strang said this promise will remove the last objection to Emerson's participation in the Davis Cup.

Emerson also told Strang in a letter that he was willing to cancel engagements in Europe and make himself available for selection in the first Davis Cup match against Canada if required.

McDonald Signs Dallas Contract

DALLAS, July 9 (AP)—Flanker-back Tommy McDonald, formerly with the Philadelphia Eagles, signed a contract with the Dallas Cowboys after nearly six months' negotiating.

McDonald's signing with manager Tex Schramm Tuesday, came only 11 days before McDonald was due to report to the Cowboys' training camp at Thousand Oaks, Calif.

"I'm very happy that Tommy was able to work out his personal business and problems so he could sign his contract," Schramm said.

McDonald's delay in signing with the Cowboys was believed due to his leaving a reported lucrative sideline with the advertising department of a Philadelphia cigar company. The Dallas contract contains no provisions for side deals.

Cops Race

MANASSAS, Va., July 9 (AP)—Newly arrived, long-haired, and only one pit stop, Van won a two-day battle with Dave Pearson Wednesday night and captured the Northern Virginia 400-mile model speedway race at Old Dominion speedway.

Some 5,500 fans watched Jarrett hold his 1964 Ford in the lead for the first 18 laps after starting on the pole.

## Medalist Win In Colorado Tournament

COLORADO SPRINGS, July 9 (AP)—Favoring Ron Corrado, San Francisco, eliminated Dallas Peters, Champaign, Ill., 6 and 3 Wednesday in the first round of the Trans-Mississippi Golf tournament.

Corrado, journey medalist, shot par golf with two birdies after two bogles before closing out the match.

Les Fowler, University of Colorado golf coach, kept Peters in the hole, recent winner of the Oklahoma amateur championship, 3 up in one of the round's tightest matches.

Peters lost a 1 up advantage on the 11th hole when Fowler won up on the 41st-yard 14th where he dropped a 12-foot putt for a birdie three. They halved the 15th hole.

Fletcher Jones, Los Angeles, runner-up for medalist honors, was ousted 2 and 1 by Roger Brown, Arkansas City, Kan.

Jim Vickers, Kansas amateur champion, lost to Fowler in the 12th hole before he conquered Walt Ponder of Houston, Tex. Ponder lost when he pressed his drive to carry a lake and it stayed into rocks.

Pacific Loop Padres Log 7th Straight

The San Diego Padres are winning when they have to go to gain ground in the Western division of the Pacific coast league. The Padres batted Hawaii 5-2 Wednesday night for their seventh straight victory.

Emerson Seen As '64 Davis Cup Player

MELBOURNE, Australia, July 9 (AP)—President Norman W. Strang of the Lawn Tennis Association of Australia said today he is confident Emerson will be the champion.

Strang said he received a letter from Emerson today guaranteeing he will stay in Australia next season until the official closing date laid down by the ITAA—Feb. 28.

## Prep Track Flash Failed To Make Junior High Club

WICHITA, Kan., July 9 (AP)—Wichita high school sensation Jim Ryan, who last week was named to the final U. S. Olympic team trials in the 1500 meter run, couldn't even make his junior high school track team two years ago.

The longer race run in the Wichita city track meets was the 440-yard dash and only one boy from each school was allowed to run. The boy ran the last leg on the medley relay.

Ryan placed second and third in the weekly junior high trials and just barely missed running the last leg on the relay team.

"I just didn't have the ability," Ryan commented. "The race just wasn't long enough."

This junior high clocking in the quarter was 55.5 and he was "very slow in the 100-yard dash," as a time of 34.63.

The Wichita flash staged a spectacular fourth place Saturday in a field of eight New York City Junior High Schoolers at the National Athletic Union meet in Tulsa, Okla., where he finished 1-2 in the race, posted a time of 1:21.4.

Jim Grole edged the Kansas youngsters at the tape to the third place, although he posted a time of 1:21.4.

On June 27, Ryan finished second to Dwyll Burleson in the 1500 meter run in the National meet in New Brunswick, N. J., with a time of 3:46.3.

## Water Skiing

HAGERMAN, July 9 (AP)—The Snake River Ski club has scheduled a water ski show that will begin Sunday afternoon at 2 near the Sportsman's lodge on Highway 30, across from Thousand Springs.

Don Hulme, current Idaho state overall water ski champion from Hagerman, will be featured in distance jumping and trick skiing. Several other events are slated for the program which is expected to last about two hours.

## Crosley Unit May Buy NBA Royals Team

CINCINNATI, July 9 (AP)—The president of Crosley Broadcasting corporation said Wednesday his firm is interested in buying the Cincinnati Royals of the National Basketball Association.

John Murphy, Crosley president, said he had conveyed his firm's interest to Ambrose Lindhorst, a local attorney representing the Cincinnati Royals.

Murphy said he had met with Lindhorst and a local attorney representing the Cincinnati Royals.

Murphy said he had met with Lindhorst and a local attorney representing the Cincinnati Royals.

## Prep Track Flash Failed To Make Junior High Club

WICHITA, Kan., July 9 (AP)—Wichita high school sensation Jim Ryan, who last week was named to the final U. S. Olympic team trials in the 1500 meter run, couldn't even make his junior high school track team two years ago.

The longer race run in the Wichita city track meets was the 440-yard dash and only one boy from each school was allowed to run. The boy ran the last leg on the medley relay.

Ryan placed second and third in the weekly junior high trials and just barely missed running the last leg on the relay team.

"I just didn't have the ability," Ryan commented. "The race just wasn't long enough."

This junior high clocking in the quarter was 55.5 and he was "very slow in the 100-yard dash," as a time of 34.63.

The Wichita flash staged a spectacular fourth place Saturday in a field of eight New York City Junior High Schoolers at the National Athletic Union meet in Tulsa, Okla., where he finished 1-2 in the race, posted a time of 1:21.4.

On June 27, Ryan finished second to Dwyll Burleson in the 1500 meter run in the National meet in New Brunswick, N. J., with a time of 3:46.3.
